Definitions:

- **Provision** (at reporting period end date) – This is the number of complaints received, within the six month period, per 1000 policies in force.
- **Complaints opened** – This is the number of complaints received in the 6 month period
- **Complaints closed** – This is the number of complaints that have been closed within the same period, but may have been received prior. Hence, it can be higher than the amount opened within this period.
- **Percentage closed within 3 days** – This is the percentage of complaints that have been resolved within 3 days of receipt.
- **Percentage closed after 3 days but within 8 weeks** – This is the percentage of complaints that have been resolved after 3 days but within 8 weeks. The 8 week period is the time that our regulator allows for us to initially investigate and provide our final response to a complaint.
- **Percentage upheld** – This is the percentage of complaints that we uphold in favour of the complainant. Whilst we obviously hope that the products and services we offer are of an excellent standard and meet the needs of our customers, we recognise that we can always improve. Rather than make excuses, we are happy to accept where we have fallen short.

- **Main cause of complaints opened** – This is the main cause of complaints received within the six month period. The listed cause is taken from the FCA definitions in regards to complaint categorisation.

If you have any questions relating to the statistics detailed above, or regarding how we handle complaints, please contact the customer success department at support@zego.com or on 020 3308 9800.
